INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Cadillac Area Community Foundation

We have audited the accompanying financial statements of Cadillac Area Community Foundation (a Michigan non-profit organization) which comprise the statement of financial position as of September 30, 2018 and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United State of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Cadillac Area Community Foundation as of September 30, 2018, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

CADILLAC AREA COMMUNITY FOUNDATION

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE A - NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Cadillac Area Community Foundation (the "Foundation") was incorporated as a Michigan nonprofit corporation on June 29, 1988 to acquire and manage a collection of unrestricted, field-of-interest and restricted endowment funds with income from these funds used to support the public welfare of the people of and around Cadillac, Michigan.

The Foundation also administers the assets of the Missaukee Area Community Foundation. The assets of this *Geographic Component Fund*, which is not a separate legal entity, are exclusively for the purpose of enhancing the quality of life for the residents of Missaukee County.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles. Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions and restrictions imposed by specific fund agreements. Accordingly, net assets of the Foundation and changes therein are classified and reported as follows:

Unrestricted Net Assets - Net assets that are not subject to donor-imposed stipulations. Donor restricted funds with accumulated deficits are classified as unrestricted net assets until future investment gains and/or contributions restore the deficits.

Temporarily Restricted Net Assets - Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the Foundation and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the *Statement of Activities* as net assets released from restrictions. Donor restricted funds with accumulated investment losses in excess of temporarily restricted net assets are classified as unrestricted net assets until future investment gains and/or unrestricted contributions restore the deficits.

Permanently Restricted Net Assets - Net assets subject to donor-imposed stipulations that they be maintained permanently by the Foundation.

Donors or established Fund Advisory Committees may, with the Foundation's Board of Trustees' approval, at any time, request that all or a portion of the fund's unrestricted net assets be maintained temporarily or permanently within the fund, at which time the net assets are transferred to temporarily or permanently restricted net assets as reported on the statement of net assets. This activity is recorded as transfers on the *Statements of Activities*.

It is the Foundation's intent to honor donor instructions and stipulations regarding the use of gifts made to the Foundation. However, the Foundation Board has retained authority to vary the condition of

CADILLAC AREA COMMUNITY FOUNDATION

any gift otherwise subject to donor-imposed conditions if adherence to any such conditions or stipulations would, in the judgment of the Board, be unnecessary, incapable of fulfillment or inconsistent with the charitable needs of the community served by the Foundation.

Contributions

Contributions, including unconditional promises to give, are recorded as made. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Unconditional promises to give due in the next year are recorded at their net realizable value. Unconditional promises to give due in subsequent years are reported at the present value of their net realizable value, using low-risk interest rates applicable to the years in which the promises are to be received.

Donated Services

A portion of the Foundation's activities has been conducted by volunteers without compensation and by professional and business organizations at significantly reduced charges. Support for goods and services contributed has only been recognized to the extent that such contributions (1) require specialized skills (and are provided by individuals possessing those skills) and would typically be purchased if not provided by donation or (2) create or enhance the non-financial assets of the Foundation.

Cash Equivalents

The Foundation considers all temporary investments with a maturity of three months or less to be cash equivalents.

Investments

Investments in marketable securities are stated at fair market value. Increases or decreases resulting from changes in market value of investments are included annually in the *Statement of Activities* whether or not realized by the sale of investments. Investments are recorded on the trade date of the transaction.

Temporarily restricted funds with accumulated investment losses reduce temporarily restricted net assets of the respective fund to zero with future losses recorded as deficits within unrestricted net assets. Future investment gains shall be recorded as unrestricted until the unrestricted net assets of the respective funds are restored. Subsequently, future investment gains will be recorded as temporarily restricted once unrestricted net assets of the respective funds are restored.

NOTE A - NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES – *cont'd*

Student Loans Receivable

Student loans receivable are unsecured loans to students carrying a variable interest rate and commencing repayment six months after graduation or otherwise ceases to be a student in good standing. There is no allowance for uncollectible loans recorded because the Foundation does not expect such amounts to be significant.

The Foundation's practice is to charge off any loan or portion of a loan when the loan is determined by management to be uncollectible due to the borrower's failure to meet the repayment terms, the deteriorating or deteriorated financial conditions, or for any other reasons. For the fiscal year ending September 30, 2018, the Foundation did not consider any student loans to be uncollectible.

Property and Equipment

Property and equipment are stated at cost if purchased or at the estimated fair value if donated. The costs of additions and betterments are capitalized and expenditures for repairs and maintenance are expensed when paid. When items of property or equipment are sold or retired, the related costs and accumulated depreciation are removed from the accounts and any gain or loss is included in additions to or deductions from net assets.

Depreciation is recorded using the straight-line method over the estimated useful lives of the respective assets as follows:

Office Furniture and Equipment	5 years
Leasehold Improvements	15 years

Grants Payable

Grants payable consist of grants approved for distribution and awarded but not paid to local non-profit organizations or individual scholarship recipients. All grants payable are current.

Tax Status

The Foundation has received determination from the Internal Revenue Service that it qualifies as a public charity and is tax exempt under Section 501(c)(3) of the Internal Revenue Code. Also, the Foundation has been certified as a community foundation by the State of Michigan and has received determination of the Foundation as "other than a private foundation" under Section 170(b)(1)(A)(vi) of the Internal Revenue Code.

The Foundation files income tax returns in the U.S. Federal jurisdiction. With few exceptions, the Foundation is no longer subject to U.S. Federal income tax examination by tax authorities for years before September 30, 2016.

Advertising

Advertising costs are charged in the year incurred and totaled \$1,980 in 2018.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual amounts could differ from those estimates.

NOTE B - INVESTMENTS AND DEPOSITS

The Foundation's cash and investments are held by financial institutions and consisted of the following at September 30, 2018:

	Market Value	Cost
Cash Equivalents		
Deposits and Cash Equivalent - Investments	\$ 256,537	\$ 256,537
Marketable Securities		
Equity Securities	2,517,887	1,284,640

Total Cash Equivalents and Investments	\$ 12,333,232	\$ 9,935,836

Concentration of Credit Risk

The Foundation maintains its cash in bank deposit accounts at various financial institutions. The balances, at times, may exceed federally insured limits. At September 30, 2018, the Foundation's cash balances were fully insured.

NOTE B - INVESTMENTS AND DEPOSITS - *continued*

Brokerage accounts have insurance of \$500,000 per broker, provided by the Securities Investor Protection Corporation. The balance of investments exceeded insured limits by \$11.027 million at September 30, 2018.

NOTE C - STUDENT LOANS RECEIVABLE

Student loans receivable are unsecured and has a variable interest rate from year to year based on outside student loan programs available. Terms of the loan state that the repayments begin six months after the recipient graduates or otherwise ceases to be a student in good standing. If the total amount of the recipient's student loans is less than \$5,000, the Foundation will establish a term for repayment not to exceed five years. If the total amount is \$5,000 or more, the Foundation will establish a term for repayment not to exceed ten years. At September 30, 2018, student loan receivables were \$14,429. Amounts are to be received as follows:

2018-2019	\$ 2,482
2019-2020	2,131
2020-2021	2,370

CADILLAC AREA COMMUNITY FOUNDATION

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE E – ENDOWMENT - *continued*

Return Objectives and Risk Parameters

The Foundation has adopted investment and spending policies for endowment assets that attempt to increase the purchasing power of the funds and to produce a reasonable return for distribution to meet current community needs. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity or for a donor-specified period. No Board-designated endowments have been established.

Strategies Employed for Achieving Objectives

To meet its investment objectives for endowment funds, the Foundation follows a total-return strategy; that is, investment decisions are made with the intent of maximizing the long-term total return of the entire portfolio both from market-value increases (realized and unrealized gains) and from current yield (interest and dividends). Assets may be invested among stocks, bonds, cash and other financial instruments in a manner that will produce the highest return without the constraint of producing a specified amount of income for distribution.

Spending Policy and How the Investment Objectives Relate to Spending Policy

The Foundation has a policy of appropriating for distribution each year, in general, up to 4.0% of the fund's average quarterly balance, for the prior year. The quarterly balances used to calculate the 4.0% available to be distributed was September 30 and December 31 of the prior year and March 31, and June 30 of the current year. In establishing this policy, the Foundation considered the long-term expected return on its endowment. Accordingly, over the long-term, the Foundation expects the current spending policy to allow its endowment to grow at an average of 4.0% annually. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

NOTE F - CHARITABLE REMAINDER TRUSTS

The Foundation has been named as the remainder beneficiary of certain trusts at the bequest of the various donors. The timing and method of disbursing the trusts' assets are governed by the provisions of the related legal documents. The amount of assets ultimately to be received and the date when these trusts' assets will be available to the Foundation is not determinable at this time. During the fiscal year ending September 30, 2018, one charitable trust expired and approximately \$67,000 was recognized as a receivable and revenue.

CADILLAC AREA COMMUNITY FOUNDATION

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE G - OFFICE SPACE

The Foundation paid \$500 per month for office space. Rent expense was \$6,000 for the year ending September 30, 2018. The Foundation pays for utilities and maintenance while the landlord pays for property taxes, insurance and repairs. The future minimum lease payments are as follows:

<u>Year Ending September 30,</u>	
2019	\$ 6,105
2020	6,288
2021	6,477
2022	6,671
2023	2,814
	<u>\$ 28,355</u>

NOTE H - FAIR VALUE OF FINANCIAL INSTRUMENTS

Financial Accounting Standards Board Accounting Standards Codification 820-10 (FASB ASC 820-10), formerly Financial Accounting Standards Board Statement No. 157, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

CADILLAC AREA COMMUNITY FOUNDATION

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE H - FAIR VALUE OF FINANCIAL INSTRUMENTS – *continued*

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs to minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for asset measured at fair value. There have been no changes in the methodologies used at September 30, 2018.

Equity and bond securities: Valued at fair value based on quoted market prices.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Foundation at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Foundation's assets at fair value as of September 30, 2018:

Assets at Fair Value as of September 30, 2018

NOTE I – UPCOMING ACCOUNTING PRONOUNCEMENTS

The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-14, *Not-for-Profit Entities*, in August 2016. ASU No. 2016-14 requires significant changes to the financial reporting model of organizations that follow FASB not-for-profit rules, including changing from three classes of net assets to two classes: Net assets with donor restrictions and net assets without donor restrictions. The ASU will also require changes in the way certain information is aggregated and reported by the Foundation, including required disclosures about the liquidity and availability of resources. The new standard is effective for fiscal years beginning after December 15, 2017 and should be applied on a retrospective basis.

The foundation is currently evaluating the impact this standard will have on the financial statements when adopted.

NOTE J – SUBSEQUENT EVENTS

The Foundation has evaluated events and transactions to September 30, 2018 for potential recognition and disclosure through February 13, 2019 the date the financial statements were available to be issued.
